About One Earth Collective

Established in 2010, One Earth Collective harnesses the power of people through environmental education to inspire action and facilitate the understanding of the environmental challenges and injustices facing our planet.

Through our programs: One Earth Film Festival, One Earth Local and One Earth Youth voices, we empower over 7,000 people annually to take part grass-roots environmental activities.

Taking action for a just and healthy planet.

About the One Earth Film Festival

The One Earth Film Festival is the Midwest's premier environmental film festival, bringing together almost 4,500 attendees, each year, for screenings of short and feature length films.

The festival showcases the most thought-provoking environmental films. The films, and post-film discussions, stimulate, energize and activate communities to take concrete and inclusive environmental action.

Join the movement - [Become a sponsor today!](#)
